# ECKLER'S Corvette

## Welcome Corvette Owners!

You now have the world's largest supply of 1984–96 Corvette parts and accessories at your fingertips, as well as a team of enthusiasts and experts at your disposal who can offer technical assistance and practical advice pertaining to your particular car. We sincerely appreciate your business, and look forward to working with you on your version of America's Sports Car!

## Lowest Price Guarantee

Eckler's Guarantee is simple: You always get the best quality parts at the lowest price! Show us the identical item advertised in any current magazine, catalog, or website and we'll match our competitor's current price, guaranteed! This offer is available only at the time of purchase and applies to in-stock merchandise only. We can't combine this with any other offer. Tires, restoration services, kits, window glass, cores, reproduction batteries, certain engines, transmissions, used parts, special order parts, and shipping and handling charges are excluded.

## Eckler's Gift Certificates

The perfect gift when you just can't decide. Available in many different amounts, from $25 right up through $1,000. Easy to ship, too!

## The Best Parts at the Best Price

This is not just a slogan! Eckler's is committed to providing the highest quality parts at the most competitive prices. We source and select all of our parts exclusively from the world's leading brand name manufacturers using our massive buying power. This means you get the best there is, at the best prices on the market today.

## 100% Satisfaction Guaranteed

Our commitment to you: If for any reason you are not 100% satisfied with any of our products, simply return it for a full refund, credit or exchange—your choice.

# 3 Easy Ways to Order!

## • Call toll-free 1-800-327-4868

**(U.S., Canada, Puerto Rico, Virgin Islands)**

**Full Service Sales Hours**
Mon–Thu 8 a.m.–9 p.m. (EST) • Fri 8 a.m.–8 p.m. (EST)
Sat 9 a.m.–4 p.m. (EST)

**Full Service Customer Service & Tech Hours**
Mon–Fri 8 a.m.–5 p.m. (EST)

**Showroom Hours**
Mon–Fri 8 a.m.–5 p.m. (EST) • Sat 9 a.m.–1 p.m. (EST)

Mon - Thu 8 a.m.–9 p.m. (EST) • Fri 8 a.m.–8 p.m. (EST)

## • Online at EcklersCorvette.com

**(Store is open 24 hours a day)**

You'll find our entire range of Corvette parts online! In fact, because of space limitations in this printed catalog, our website contains more items than you'll find within these pages. Be sure to check our website often, where we're always adding **NEW PRODUCTS!**

## • Fax order to 1-321-383-2059

**(use order form in back of this catalog)**

You can fax your order to us 24 hours a day, 7 days a week. Most faxed orders are processed the same day as received.

**For all Ordering/Shipping Policies, please see page in back of this catalog**

**Icons in This Catalog**

- oversize or overweight
- truck freight

## More Than 50 Years of Innovation

*In the early 1960s, Ralph Eckler's vision began by manufacturing fiberglass replacement parts for Corvettes out of his small shop in Illinois. As the Corvette grew in popularity, so did the restoration/aftermarket business. In the early 1970s, Eckler's relocated to central Florida, and the company flourished into a multimillion dollar business. Today, Eckler's employs more than 200 people and provides the classic car industry with more than 130,000 parts for classic Chevrolet, Ford, Porsche, and Mercedes-Benz.*

Follow all the Eckler's Automotive Parts Companies on Facebook and Twitter!

*Eckler's Corporate Headquarters in Titusville, Florida*

ECKLER'S®

# Leading the Corvette Parts Industry in Fiberglass Body Components!

***We offer you fiberglass body parts and two types of bumpers and spoilers—all of which have slightly different benefits. Choose what's right for you.***

## Press Molded Body Parts

Formed in a large hydraulic press similar to the factory original parts. Smooth finish on both interior and exterior sides of your part Slightly higher cost but closely resembles factory panels

## Hand Laminated (Flex-Fit) Fiberglass Bumpers and Spoilers

ECKLER'S EXCLUSIVE

Combines the flexibility of urethane with the cost advantages of fiberglass. Allows seamless integration of bumper with front body panels for better appearance and easier painting

## Injection Molded Urethane Bumpers

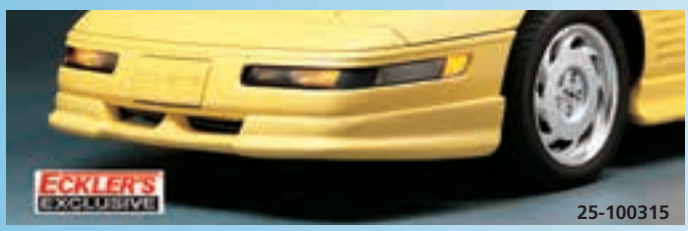
Factory original appearance. More resistance to crash impact than standard fiberglass

**1984-90 GTL Stage 1 Front Spoiler**

- *Hand Laminated Fiberglass Construction*

**1984-90 Flex-Fit ZR1 Style Rear Bumper**

- *Hand Laminated Fiberglass Construction*



**1991-96 Phase III Front Spoiler**

- *All Fiberglass Bolt-On Installation*

***These are just a few examples of our premium quality fiberglass offerings. See our huge Exterior Section for ordering information, product details, and more.***

***When you see the Eckler's Exclusive logo, know you're buying the best in the industry. Proudly manufactured in the USA! Thank you for shopping with Eckler's Corvette!***

## 1990-96 Delco & Delco/Bose Radio Refurbishment Service

25-130125

25-108764

- *Rebuild Cassette, CD Or Tuner As Required To Factory Specifications*
- *Check & Repair All Radio Functions As Required*
- *Clean All Switches & Controls As Required*

Let Eckler's professionally rebuild your 1990-96 radio to factory specifications. Before you send your entire radio to us for service, it's best to determine if the whole radio needs rebuilding or just the receiver. If you are unable to receive any stations it's the receiver; if you can't tune the radio or the CD or cassette is inoperative, it's the head. Visit our website or call sales for complete details and where to send your parts for restoration service. One year warranty.

## 1984-96 Quick Disconnect CB NGP Antenna System With White Antenna Mast

- *Custom Fit For Center License Bracket*
- *Polished Stainless Steel*
- *Provides Superb Transmission & Reception*
- *No-Ground-Plane Required*
- *Tunable NGP Antenna*

At last a CB antenna system that enhances the appearance of the C4. It looks so good you won't want to take it off and the best part you will have the finest working CB system on the road. The No-Ground-Plane (NGP) antenna kit was specifically designed by Firestik Antenna Co. (a recognized world leader in the design of CB antennas) to solve problems associated with the lack of a ground plane such as the C4. With this system you will be able to transmit and receive farther than any Vette in your convoy.

## 1988-96 Power Antenna Repair Kit

- *Saves Price Of New Antenna • Easy To Install*
- *For Use On Factory Harada Antennas*

If the antenna motor is still working, this kit will repair your antenna 99% of the time. Usually, the plastic flexible extension cable snaps which obviously makes your antenna inoperative. This kit includes a new cable attached to the mast. Note: During the years from 1990-92, GM used both Harada & ACDelco antennas. Harada antennas can be identified by a rubberized sheath around the motor; ACDelco's are without a sheath.

| | | |
|---|---|---|

## 1985-96 Rotors & Brake Calipers Front Brake Upgrade Kits

- *Provides Amazing Stopping Power Of A C5*
- *Completely Bolt-On Kit*

Give your C4 “stop on a dime” capability with C5 front brakes. It provides a 25% bigger pad plus the rotors are 11% lighter than the C4’s 13” big brake package! The kit includes GM, Corvette twin-piston front brake calipers, 13” sport brake rotors, Hawk high performance HPS brake pads, D.O.T. approved stainless steel flex brake hoses, all necessary mounting brackets and hardware plus easy-to-follow installation instructions.
Note: This kit must be used with ZR1, Grand Sport or equivalent aftermarket wheels.

## 1985-96 J55 Front Brake Upgrade Kits

- *Huge Stopping Improvement on 85-87’s*
- *Excellent Improvement on 88-96’s*
- *Bolt-On Installation Must Be Used With 17” Wheels*

From 1988-96 Chevrolet offered, as an option on standard equipment Corvettes, the J55 front brake upgrade. It was standard equipment on the factory hot rods; Grand Sport and Collector Edition models. Now you can upgrade 1985-96 models with this factory option, but with the benefit of today’s slotted rotor technology. 1985-87 Corvettes were equipped from the factory with single piston calipers and small 12” rotors. By installing the J55 Front Brake Upgrade Kit, you’ll get a 25% increase in stopping power with the conversion to Girling dual piston calipers and properly sized 13” sport slotted rotors. Included with the kit are Hawk HPS brake pads, rubber brake hoses and all necessary mounting brackets.

## 1984-96 Braided Brake Hose Sets

- *Meets Federal Motor Vehicle Safety Standards No 106*
- *Increases Pedal Firmness*
- *Corrosion Resistant Stainless Steel*

Every time you apply the brakes, the factory rubber hoses expand under hydraulic pressure. Even a small amount of expansion is enough to make the pedal seem soft. Braided stainless brake hoses give you more confidence by delivering a faster response time and a firmer pedal.

## 1984-96 Direct Fit Replacement Aluminum Radiators

- *Cools Better Than Stock Radiators Due To Greater Surface Capacity*
- *Longer Lasting Than Stock Radiators*
- *Bolt-In Installation*
- *Made in USA*
- *Limited Lifetime Warranty*

GM's 1984-96 C4 radiators have a single row of cooling tubes and plastic end tanks that are epoxied in place. These direct replacement radiators feature 2 rows of cooling for as much as 100% additional cooling surface and they have press formed aluminum end tanks that are tig welded to the core for a permanent seal. The core of this aluminum replacement is furnace brazed which provides a leak-free core without the use of epoxy.

## 1984-96 Be Cool® Aluminum Radiators

- *Engine Runs Cooler 20°-40°*
- *40% Lighter Than Stock*
- *Vacuum Braze Assembled (Epoxy Free)*

High horsepower engines generate a lot of heat and require extra cooling. Whether you performance drive your Corvette or cruise it, keep its coolant temp in check with this high capacity aluminum radiator. It features a cast aluminum filler neck, extra strong tanks and advanced core technology. Delivering lighter, more durable and cooler operations over brass and steel radiators.

## 1984-96 Griffin Aluminum Radiator

- *Replacement Radiator*
- *Core Size: 23.5" x 16.5"*

Griffin is proud to introduce the all new ExactFit series of aluminum radiators. With 30 years of experience in the performance cooling market and one of the largest collections of OEM sample radiators, Griffin has engineered the ExactFit series. These new products feature exact OEM fitment, OEM style stamped tanks, and mounting previsions for all factory equipment. With a double focus on precision and performance, the ExactFit products install exactly the same as the OEM component. They offer all of the required mounting tabs, brackets, and spuds to ensure a seamless installation without any cutting, bending, or special tools. Optimal performance is achieved by the use of two rows of Griffin exclusive MegaCool 1.25 inch tubing or one row of Griffin exclusive ExtremeCool 1.50 inch tubing. The wider tube widths used in this product line create a greater amount of surface area in the same amount of space. This allows the product to far exceed the performance of the common two row 1.00 inch radiators. Constructed of only the best AA3003 aluminum, these new products are a step above the rest in both purity and design. Backed by the industries best two year warranty and no special coolant requirements, the new Exact Fit radiators are the top of the line. The ExactFit series aluminum radiators are the easiest to install, provide the best OEM appearance, and offer superior cooling performance.

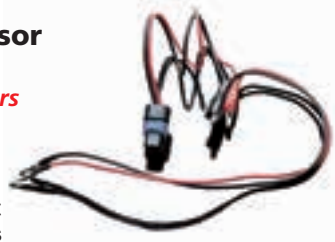
- *Unmatched Corrosion Protection*
- *Pre-Mixed - No Measuring Needed*
- *Self Sealing Capabilities*
- *Protects From -24 below Zero F To 267° F*
- *Perfect For High Horsepower Applications Or Stored Vehicles*

**25-253917** Cannot Be Shipped By Air **37.99 ea.**



## 1985-96 Coolant Sensor Test Tool

- *Test Accuracy Of Sensors*
- *For Use With Digital Voltmeter*

GMP'S Sensor Test Tools help you maintain a smooth, efficient running vehicle. Each tool plugs directly into the appropriate sensors. Use voltmeter (not included) to determine whether or not a signal is being exchanged between the sensor and computer. The tool helps read the accuracy of that signal.

**25-101498** **16.99 ea.**

## 1984-96 Minor Cooling System Tune Up Kit

## 1984-87 Cooling Fan Control Relay & Wiring Harness Repair Kit

- *Replacement Connector & Wiring Harness Terminals*

The cooling fan control relay controls the power to the fan. Most of the time, when the fan isn't coming on, it's the relay. Fortunately, this part is easy to replace at home. For 1984-87 Corvette owners you can replace the factory connector with our harness repair kit.

**25-105482** **5.99 kit**

## 1988-92 Cooling Fan Relay Connector

- *Replacement*
- *Replaces Damaged Connectors*

**25-105172** **12.99 ea.**

## 1995-96 Upgrade Cooling Fan Control Relay & Wiring Harness Repair Kit

- *Upgrades1984-94 Relays*

The cooling fan control relay controls the power to the fan. Most of the time, when the fan isn't coming on, it's the relay. Fortunately, this part is easy to replace at home. For 1984-87 Corvette owners you can replace the factory connector with the upgrade repair kit. For 1988 and later models, it serves as a direct replacement. Kit includes relay, wiring terminals, weather tight seals and new harness terminal.

**25-105481** **19.99 kit**

## 1984-95 Cooling FanSwitch and Harness

- *Lowers Engine Coolant Temperature*
- *Maximizes Engine Performance*

The stock C4 Corvette cooling system runs inherently hot. GMP has the solution to this annoying problem. GMP offers electric cooling fan switches in four different temperature ranges. The switches will turn on the main fan, auxiliary fan or both at a lower temperature. Lower coolant temperatures will maximize engine performance and reduce engine wear. Each kit comes complete with switch, harness, hardware and instruction sheet for easy installation. Part number 25-113224 and 25-113335 switches are recommended for stock applications. **Part number 25-113333 and 25-113334 switches are recommended for highly modified cooling systems and/or off-road racing only.

| | | |
|---|---|---|
| **25-113334** | Cooling Fan Switch, 185˚ On, 170˚ Off ** | **49.99 kit** |

## 1984-92 Relay Repair Kit

- *1988-92 Replacement Kit*
- *Upgrade For 1984-87*
- *Repairs Corroded Terminals*
- *Includes New Relay*

If your relay fails and the terminals are corroded, then this repair kit is the fix. You get a new relay, connector and terminals to repair your factory harness. Used for Eckler relays P/N 35613, 48913, 25104, 25-110671 and 51828. Check these numbers for the correct application.

## 1992-96 Adjustable Throttle Position Sensor Kit

- *Allows You To Tune Throttle Response & Performance*
- *Easy To Install/Easy To Tune*

The TPS (throttle position sensor) is a variable resistor connected to the throttle shaft on the throttle body. When the accelerator pedal moves, the TPS sends a signal to the computer. The computer calculates the fuel delivery and the air being consumed based on the throttle valve angle. Our adjustable TPS lets you fine-tune your Corvette's throttle response for maximum performance by changing the voltage of the sensor. The stock TPS is preset and cannot be adjusted. Out-of-adjustment TPS's can cause erratic idle, stumbling, surging and overall poor engine performance. This TPS kit includes the sensor, replacement connector/terminals, test jumper adjustment tool and instructions.

## 1984-96 Ignition Key Warning Buzzer Switch For Cars With Tilt-Telescopic Column

- *Stock Replacement*

This stock replacement ignition key warning buzzer switch is manufactured by GM or by one of its authorized suppliers as a factory replacement part. You will find the fit and performance meets all GM specifications.

**25-213395** **9.99 ea.**

## 1984-96 Ignition Switch

- *Stock Replacement*

Your Corvette's ignition switch allows the battery to send a powerful surge of electricity to the starter when the car is being started. Without this switch in good working order, you are dead in the water…or the parking lot. It also allows you to control many of the car's accessories when the car is parked while preventing accessories from running down the battery.

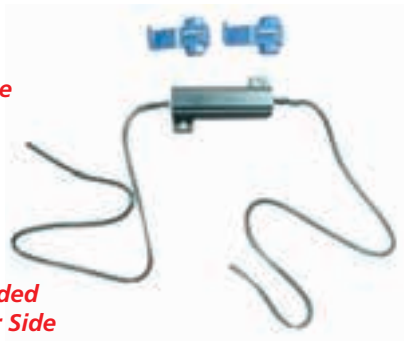
## LED Taillight Load Resistor

- *Creates Resistance For Turn Flasher To Work*
- *Simple Tap In Connectors*
- *No Cutting Of Harness*
- *Instructions Included*
- *One Required Per Side*



Note: Use with 25-189893 or 25-246538 LED taillights. When installing LED Taillights, you may have a problem with the flasher not working correctly do to not enough load to make it blink. The simple solution is to attach one resistor to the left and right taillight. If it is a four light system just one on each side is needed. These resistors are connected into the wiring and do not require and cutting of factory harnesses. Instructions included.

**25-246701** **13.99 ea.**

## 1984-93 Diagnostics Key

- *Accesses Car's Diagnostic System*

Plugs into dash module of 1984-93 Corvettes, making the "check engine" light flash the code of any specific problem area. Code can then be referenced in maintenance manual.

## 1986-96 Ignition Key VATS

- *Specially Coded*

Because 1986 and later Corvette have specially coded ignition keys, it makes good sense to have a couple of spares. To order a key, have your local GM dealer measure the resistance on your key (it will be a 1 thru 15 value code) and add that code to the part number A9129 (i.e. A9129-1, A9129-5, etc.).

| | | | | | |
|---|---|---|---|---|---|
| 25-124037 | Code 1 | 14.99 ea. | 25-124051 | Code 9 | 14.99 ea. |
| 25-124044 | Code 2 | 14.99 ea. | 25-124038 | Code 10 | 14.99 ea. |
| 25-124045 | Code 3 | 14.99 ea. | 25-124039 | Code 11 | 14.99 ea. |
| 25-124046 | Code 4 | 14.99 ea. | 25-124040 | Code 12 | 14.99 ea. |
| 25-124047 | Code 5 | 14.99 ea. | 25-124041 | Code 13 | 14.99 ea. |
| 25-124048 | Code 6 | 14.99 ea. | 25-124042 | Code 14 | 14.99 ea. |
| 25-124049 | Code 7 | 14.99 ea. | 25-124043 | Code 15 | 14.99 ea. |
| 25-124050 | Code 8 | 14.99 ea. | | | |

## 1986-96 Security Override System (SOS)

- *Simulates Correct Key*
- *Easy Installation*

On occasion, your Corvette's VATS system may not recognize your key's code, leaving you stranded. The SOS is an inexpensive module that when plugged into your wiring harness simulates your correct key. Nothing shows to let thieves know your VATS have been bypassed. To order your SOS have your local GM dealer measure the resistance on your computer key (it will be a 1 thru 15 value code) and add that code to the part number listed as indicated below (i.e. A9133-5). Key not included.

## 1986L-91 Edelbrock Elite Valve Covers

- *Die-Cast Aluminum*
- *Low Profile*

These heavy-gauge aluminum valve covers come with a handsome, polished finish for a custom look. The raised fins are accented by a black matte background, then detailed with Allen hex heads that create a two-piece look from a one-piece construction. They are tall enough to clear aluminum rocker arms, yet low enough to clear A/C units and alternator brackets. No oil fill hole, use PCV hole.

**25-102803** **199.99 pr.**

## 1986L-91 Chrome Valve Covers

- *Alternative To Expensive Valve Covers At A Decent Price!*
- *Fits 1986 Late To 1991 L98 W/Center Bolts*

## 1985-95 "High Flow" Throttle Body Air Foil

- *Adds 11.8 More Horsepower*
- *Increases Torque 12.5 Ft./Lbs.*
- *Boosts Air Flow By 40 CFM*

Throttle Body Air Foil reshapes the air as it enters the intake plenum to produce more torque and more horsepower. It adds higher usable RPM and yields 11.8 more horsepower at 4750 RPM. The foil installs into the opening of the throttle body in less than 5 minutes with just one screw and fastener. Modifications to the system are not required, just bolt in.

**25-122375** (Except ZR1) **24.99 ea.**

## 1984-91 Throttle Performance Switch

- *Instantly Improves Throttle Response*
- *Delivers Maximum Rate Of Fuel And Timing Advance*
- *Plug-In Installation*
- *50 States legal*

In just five minutes, without a single tool, you can plug-in the Throttle Performance Switch and get an instant improvement in throttle response performance. The switch plugs in line with the throttle position sensor to deliver the optimum and maximum amount of fuel and timing advance whenever you give your Corvette at least 60% throttle. Each switch is supplied with installation instructions.

**25-105908** **129.99 ea.**

## 1992-96 Throttle Body By Pass Tube

- *Adds Up To 5 H.P. (Rear Wheel)*
- *5-minute Installation*

This tube allows hot water to by pass the throttle body, thereby yielding cooler inlet air. For every 10° drop in air temperature you realize a 1% horsepower gain. Installation of this tube requires no permanent modifications to your car. Instructions included.

**25-114424** **18.99 kit**

## 1985-96 Mass Air Flow Sensors

25-101145

| **25-168346** | 1994-96 * | **159.99 ea.** |

*** All Except ZR1**

**Note: As you probably know this product has a thin wire inside that measures the air flow that moves across it and tells the engine's computer it needs more or less fuel. These commonly fail all together or work sporadically because the thin wire (aka element or guide wire) breaks or grounds out causing your Corvette to stall. An easy way to check for a broken, but not severed wire is to gently tap on the MAF sensor with the handle of a screw driver while the car is running, if it stalls it most likely is a bad sensor. Two other parts that can also cause stalling are the burn-off relay and power relay, so check these too.**

## 1994-96 Granatelli Motor Sports Performance MAF Sensor With Cold Air Tuning

NEW

High performance upgrade mass airflow sensor. Direct OEM replacement with no additional modifications required. Adds from 8 to 12 rear wheel horsepower & 60% more airflow over OEM unit. Improves throttle response, mileage, & performance from 2,000 rpm to red line. Precision calibrated on granatelli's in-house maf sensor dyno and flow bench. Installs in 10-15 minutes with basic hand tools. Fits all 1994-96 LT1 or LT4 powered c4 corvettes.

**25-110769** **349.99 ea.**

## Mass Air Flow Sensor Cleaner Spray

- *A Clean MAF Sensor Along With A New O2 Sensor Will Save Money At The Gas Pump*

The first product specifically developed to clean mass air flow sensors. Designed with advanced Cozol® technology. Increases horsepower & improves air/fuel ratio and MPG.

## 1984-87 March Performance Power & AMP Polished Aluminum Pulley System

- *3-Piece Set*
- *Excellent For Everyday Use*

Get up to 20 horsepower without modifying your engine or exhaust! The basis of this kit is an undersized crankshaft pulley, which turn belt-driven accessories 25% slower preventing parasitic horsepower losses. Installation takes approximately one hour. Not legal for sale or use in California on pollution controlled vehicles.

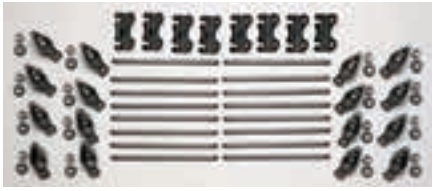
## 1984-85 Competition Cams' Magnum Roller Tip Rocker Arms

- *Dyno Proven 20 Horsepower Gains*
- *Reduce Valve Stem & Guide Wear*

Competition Cams' unique forge-cast roller tip design reduces friction. As a result it has been dyno tested to produce 15-20 horsepower increases and it makes valve stems and guides last longer. Magnum Rockers fit all 84-85 small block engines (1.52 rocker ratio). Each rocker is supplied with a rocker ball and lock nut. Set of 16.

**25-122289** **199.99 set**

## 1986-95 Competition Cam's Rocker Arm Kit



- *Magnum Rockers Produce 20 HP Gain*

Competition Cams has put together 2 kits that will allow their Magnum rocker arms to be used on all 86L-95 Corvettes. The kit also includes 5/16" guideplates and push-rods. The Magnum rocker arms have been dyno tested to produce 15-20 horsepower increases. The reduced friction also makes valve stems and guides last longer. Their long slot design allows you to use camshafts with much higher lift than stock cams. Each set of 16 rockers is supplied with a rocker ball and lock nut.

| | | |

## 1985-89 SynthaMax Airaid Replacement Air Filter

- *Clean, Dry & Install*

The SynthaMax Option is aNo-Hassle, Non-Oiled, 100% Synthetic media that boasts a 99%+ Efficiency rating. From the moment you open the box you will see that the SynthaMax has a unique appearance for a synthetic filter, a Performance Red colorfast finish that won't fade over the years. This new filter looks so much like its SynthaFlow cousin that we have marked it with a proud "SynthaMax, Do Not Oil" for easy identification. The SynthaMax Non-Oiled media means cleaning is as easy as Wash it, Let it Dry, and Re-Install. This Made in the USA filter is the last that you will ever need to buy for your vehicle and is backed with AIRAID's Lifetime No-Hassle Warranty.

## 1985-96 BPP Vortex Rammer Cold Air System

- *Up To 22 H.P. Increase*
- *5 MPH & 3.5 Tenths In 1/4 Mile*
- *Replaces Stock Air Box*

The Vortex Rammer obtains cool, pressurized air from the radiator cavity, drives it through the radiator shroud into the specially designed scoop and forces it into the Rammer sealed box. On C5's it is then routed into a revolutionary air cleaner that contains an internal velocity stack. The radiator shroud requires a simple cut-out on all installations. Available with a black or clear cover that houses the filter. Installation hardware and instructions included.

## 1985-95 Air Intake Temperature Sensor/ Relocating Kit

- *Ideally Locates MAT Sensor*
- *Dramatically Improves Performance*

The Air Temperature Relocating Kit repositions your engine's air intake temperature sensor from the hot plenum area to the air filter base where it can sense cooler air. This enables the ECM to adjust fuel to more accurate air temperatures resulting in increased engine performance. This kit can be used with or without the Forced Air Induction System. Includes the following: IAT Sensor, CAD/CAM designed and CNC machined aluminum mount bracket with stainless steel hardware and 78" extension harness and cable ties. Installation takes approximately 30 minutes using step-by-step instructions.

## 1994-96 Hypertech Power Programmer III

- *Increases Horsepower*
- *Recalibrates Speedometer*
- *Easy To Use*

Since 1994, the Corvette's computer no longer has a replaceable chip, so Hypertech developed a portable programmer allowing you to reprogram your Corvette's computer yourself. Simply plug the programmer into the computers ALDL connector and you're ready to re-program. With a push of a button, the factory program is downloaded into the programmer where it is stored, and may be used again if needed. Then Hypertech's performance program is uploaded. The program features both optimized ignition and fuel curves for maximum horsepower at all rpm points resulting in improved driveability and performance. The Power Programmer also raises the automatic transmission's shift points and the engine's rev limiter. It will even recalibrate the speedometer for a gear ratio on automatic equipped 3:15 cars.

**IMPORTANT! Remove PROM (computer chip) from ECM prior to returning! Return core in the box you receive. Full core credit will be issued for rebuildable core only! Non-rebuildable cores will not receive credit. Send cores prepaid to Eckler's, 5225 S. Washington Ave., Titusville, FL 32780. A photocopy of your invoice must be included.**

## 1984-93 Hypertech Power Chips

- *Produces Instant Power Improves Throttle Response Easy 15 Minute Installation*

Would you like to reduce your 0-60 elapsed times by almost a 1/2 second, add up to 20 horsepower to your engine without a single modification or have your Corvette be 2.6 car lengths faster? You can realize these improvements by installing the Hypertech Power Chip. Simply remove the stock chip from the electronic control module and install the Hypertech Chip. How does the Hypertech Chip work? At wide open throttle, the Power Chip selects an optimum spark advance and air/fuel ratio, thereby allowing the engine to perform way beyond the limitations imposed by the stock chip. And because the Power Chip only affects wide open throttle operation, fuel economy is unaffected. The Hypertech Power Chip is available in 2 types. Street Runner is designed for stock or slightly modified Corvettes and will yield the results mentioned above. Thermo Master has been further modified to allow the use of a cooler thermostat (160 degrees). A cooler engine, of course, will make more power than a hot engine. For your ordering convenience, the 160 degree thermostats are listed below the chips along with the GM thermostat housing gasket.

|---|---|
| **25-108939** | **49.99 ea.** |

## 1984-91 Hi-Performance Ignition Module

- *Improves Spark*
- *Allows For Hi-Performance Tuning*

Performance Distributors' hi-performance ignition module, when combined with some minor turning mods can give you a huge improvement in off-the-line acceleration. Technically speaking, the module has more electronic dwell which allows additional coil saturation. The net result is a more powerful spark!

## 1984 Crossfire Intake Manifold

- *Performance Intake With No Modifications*
- *Natural Cast Finish*
- *Up to 30 Horse Power Increase*
- *Made In USA*

The Renegade is the only true OEM/high performance manifold manufactured for these engines which were available in the 1984 Corvettes. Manufactured in the USA, the Renegade's advanced runner profile design, increased plenum area, and flow enhancements provides improved power, torque, and gas mileage. Initial tests on a modified 383 engine have shown gains of 30 RWHP over the stock Crossfire intake. The Renegade will accommodate modified throttle bodies up to 2-1/4" bore and will accept all of the stock accessories and brackets as well as EGR, PCV and stock vacuum fittings. The manifold will also fit under the stock hood of all Crossfire equipped vehicles with no modifications necessary.

**25-324816** **549.99 ea.**

## 1984-96 MSD 6AL Multiple Spark Discharge Ignition

- *More Power and Faster Starts*
- *Better Idle & Smoother Running*

The Multiple Spark Discharge Ignition ensures a complete burn on each compression stroke. The result will give you increased fuel economy, faster starts, more power, and smoother running performance with a more even idle. This ignition system has ben performance proven by professionals. Soft TouchRev Controls of 3000, 6000, 7000 and 8000 RPM will protect against overrev damage. Rev Control is adjustable. Rubber shock mounts supplied.

## 1984-96 Gear Reduction Starters

- *Eliminates Hard Starting Problems*
- *Ideal For High Compression Or High-Performance Engines*
- *Lighter & Smaller Than Stock*

If starting problems are aggravating you, we have the cure - a Power Master, Hi-Torque, 4.4 to 1 Gear Reduction Starter. It's far more powerful than any stock starter plus it's lighter and smaller than the stock unit to make header clearance a thing of the past. And because the Power Master starter does not act as a heat sink it is unaffected by high header heat or high underhood temperatures. It has a billet aluminum adapter block and mounting bolts are included for easy installation.

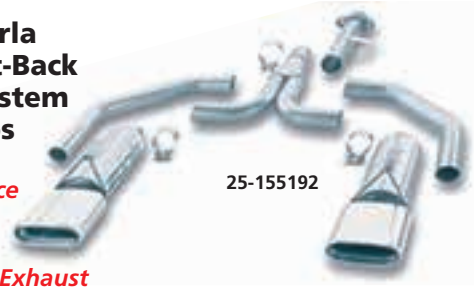
## 1986-96 Borla Stinger Cat-Back Exhaust System With LT Tips



- *Delivers Performance Sound Similar To C5 Stinger Exhaust*
- *Improves Exhaust Flow & Performance*
- *Bolt-On Installation*

Borla has recently set the standard for great exhaust sound and improved performance with their revolutionary C5 Stinger – Now they have applied the same design and manufacturing principles to the C4 and developed the same winning combination. This cat-back system is made of aircraft quality T-304 which is the highest quality stainless steel and the most resistant to corrosion and rust used in any cat-back system. The 1986-91 Stinger uses a 3" diameter pipe leading into the Y-Pipe and 2 1/2" exiting the Y-Pipe through LT tips. Like all Borla T-304 cat-back systems, the C4 Stinger is backed by the only million mile warranty in the business.

## 1984-96 B & B Tri-Flo Performance Exhaust

- *Up To 22 H.P. Increase On 92-95's*
- *Similar Results On Other Years (ZR1+30, L4+12)*
- *Rolled Edge Tips*

The B & B Tri-Flo Corvette exhaust system is engineered for performance and designed for an attractive, clean appearance. Systems feature stainless steel tubing with the exclusive B & B X-flow center resonator, which equalizes the engine's exhaust pulses, creating more horsepower and torque. All B & B Tri-Flo exhaust systems are direct bolt-on replacements for the factory exhaust. All necessary hangers and brackets are attached to the system and the original factory mounting hardware is reused. Once the original system is removed, the B & B Tri-Flo system can be easily installed in about an hour with simple hand tools. No cutting, fitting or welding is required.

## 1984-90 KBD Targa Mufflers

- *Chrome Tips*
- *Good Looking/Good Sounding Free-Flow Muffler*

KBD Targa Mufflers give 1984-90 Corvettes a deep and throaty, sensuously powerful sound. In addition, their sleek design improves the look of your car's undercarriage. KBD free-flow mufflers are bolt-on items which hang in the stock location. They are made of heavy gauge steel with chrome tailpipe ends. The KBD mufflers have a 3 year limited warranty. Each set includes installation instructions. Available with 2-1/2" or 3" diameter chrome tips.

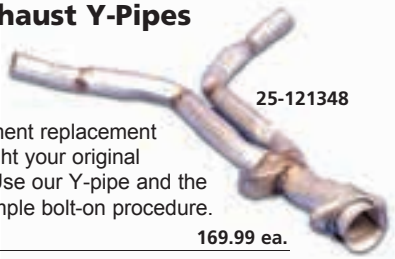
*** Use Only With Borla Mufflers P/N's 25-106094**

## 1984-91 Rear Exhaust Y-Pipes



**25-121348**

- *Make Muffler Installation A One Step Job*

When installing replacement replacement mufflers, don't try and fight your original mufflers off the Y-pipe. Use our Y-pipe and the whole job becomes a simple bolt-on procedure.

| | | |
|---|---|---|
| **25-172102** | 1984 | **169.99 ea.** |
| **25-121348** | 1986-90 | **199.99 ea.** |

## Stainless Steel Exhaust Clamps

- *Corrosive Resistant*

| | | |
|---|---|---|
| **25-102658** | 2" | **12.99 ea.** |
| **25-102660** | 2-1/2" | **14.99 ea.** |
| **25-102659** | 2-1/4" | **12.99 ea.** |
| **25-108492** | 3" | **17.99 ea.** |

## Exhaust Band Straps

- *Easy To Install*
- *Won't Crush Pipes*

Stainless steel band straps look better and last longer than conventional U-Clamps. They deliver a leak proof 360 degree seal that won't crush the pipes.

| | | | | | |
|---|---|---|---|---|---|
| **25-105963** | 2" pipe | **12.99 ea.** | **25-105965** | 2 1/2" pipe | **13.99 ea.** |
| **25-105964** | 2 1/4" pipe | **12.99 ea.** | **25-105966** | 3" Pipe | **14.99 ea.** |

**† 1995 w/ OBDII**

## 1984-91 "Super" Catalytic Converter

- *Bolt-On Installation*
- *Less Costly Than Factory Replacements*

"Super" Converters feature 26% more frontal area than the stock converter, which will give you a performance increase. But if your Corvette has a partially plugged converter, you'll feel a big difference in performance. You'll also see your gas mileage go back up to normal levels. Not sold in California.

| | | |
|---|---|---|
| **25-105305** | 1984-85 | **150.99 ea.** |
| **25-105925** | 1986-91 | **169.99 ea.** |
| **25-114088** | Hose Kit, Converter To Pump Tube | **12.99 kit** |

## 1987-96 Exhaust Oxygen Sensors

- *Replacement Sensor*
- *Fits All Except ZR1*

| | | |
|---|---|---|
| **25-114209** | 1994-96 Three Required Per Car (2 Front/1 Rear) | **49.99 ea.** |
| **25-101148** | 1987-91 One Required Per Car 1992-93 Two Required Per Car | **29.99 ea.** |

## 1984-91 Exhaust Manifold Gaskets

- *Sure-Fire Way To Eliminate Leaks*
- *Solid Copper With Embossed O-Ring Around Ports*
- *Includes Hi-Collar Lockwashers For Bolts*
- *Copper Will Not Shrink, Deteriorate Or Blowout*

**25-110205** Small Block **39.99 pr.**

## 1984-85 Catalytic Converter Flange Gasket

- *Quality Restoration Part*
- *Seals Converter To Rear Y-Pipe*

**25-329677** **5.99 ea.**

## 1986-91 Catalytic Converter Pipe Check Valve

- *Quality Restoration Part*

The catalytic converter check valve stops the exhaust from blowing back to the A.I.R. pump which causes poor engine performance and check engine lights. Replacing your converter valve will ensure your Corvette will be in top running order.

**25-329681** **34.99 ea.**

## Exhaust Wrap

Thermo-Tec Exhaust Wrap holds exhaust heat in, keeping the exhaust velocity high and efficient. Just wrap it around your exhaust pipe and secure with Lock Ties (9" x 18" Stainless Steel ties). Protect wrap with Hi-Heat Coating spray. Wrap roll is 50' x 2" x 1/16" thick, which is enough to cover one header or exhaust pipe.

| | | |
|---|---|---|
| **25-253983** | Wrap | **51.99 roll** |
| **25-318782** | Wrap, Graphite Black | **59.99 roll** |
| **25-253985** | Spray Coating * | **12.99 ea.** |
| **25-253984** | Lock Ties | **34.99 kit** |

*** Cannot ship by air**

## Thermo-Tec Insulating Header Manifold Blanket

- *Reduces Under-Hood Temperatures Up to 70%*
- *Increases Horsepower & Fuel Efficiency*
- *For V6 & V8 Applications*
- *Withstands Heat up to 2000 Degrees*

**25-318783** (2) 20" x 24" Blankets **99.99 set**

**Over the following pages, you'll find thousands of Exterior items for your 1984-'96 'Vette. Restore or modify your car with quality parts And accessories from Eckler's Corvette!**

## 1988-96 Headlight Motor Repair Kit

- *Easy To Install*
- *No Need For Motor*

Inside the 1988-96 headlight motors is a gear which turns the lights. From the factory, the inside of the gear is packed with a special hard gel that turns the gear. As time passes, the gel deteriorates and no longer has the strength to turn the gear so it free wheels. Our headlamp repair kit, consisting of 3 specially made Delrin® bushings, replaces the gel and makes motors operate like new. One kit repairs one motor.

**25-108864** **149.99 ea.**

## LED Red Safety 12" Strips

- *Adds Safety And Style*
- *Easy Installation With Instructions*
- *High Output 12 SMD LED's*

Red LED door safety lights easily mount in minutes. Low amperage draw and economical cost adds an element of safety and style to your Corvette for a small investment. LED's turn on when door is open and off when closed.

**25-304520** **44.99 pr.**

## 1984-96 LED Taillight Kit

- *Adds A Unique Look (When Lit)*
- *Provides Additional Safety*
- *Much Brighter Than Stock*

When lit, this kit provides a unique red hexagon pattern. In addition, the LED's light faster than conventional bulbs thus alerting drivers behind you sooner that you're braking or turning. The kit includes 4 taillight housing assemblies, one electronic flasher and instructions and all necessary installation hardware. Installation takes about 1-1/2 hours and requires no cutting of the stock wiring harness. The kit connects electrically with a simple plug-in bulb socket installation. DOT compliant.

**25-113299** **197.99 ea.**

## 1986-96 Back Off™ Third Brake Light Flasher Module

- *A "Must Have" Safety Device*
- *Simple To Install*

Help prevent rear end collisions by installation the Third Brake Light Flasher Module. The module wires into your existing third brake light with two wires in just seconds, then when you apply the brakes it causes your brake light to emit a visual alerting signal of three short light flashes, followed by one long light flash (3.5 seconds). The signal automatically repeats itself as long as the brakes are applied. The module itself is about the outside dimension of a business card. An optional Back Off unit with three-wire hookup is also available which flashes the third light when you put your Corvette in reverse to alert drivers behind you. Instruction included.

| | | |
|---|---|---|
| **25-113636** | Back Off™ | **49.99 ea.** |
| **25-113647** | Back Off™ with Reverse Feature | **54.99 ea.** |

## 1984-96 License Housing Bubble

- *Restores Body Contour*
- *Keeps Plate Clean*

High impact acrylic license housing bubble restores the car's original contour while keeping your plate clean. It installs just like the factory plate with no modifications required to the car.

| | | |
|---|---|---|
| **25-118190** | 1984-90 Front | **32.99 ea.** |
| **25-101547** | 1991-96 Front | **32.99 ea.** |
| **25-111288** | 1984-96 Rear | **18.99 ea.** |

## Plate Mate Cover

Polycarbonate clear license plate covers will not crack, chip, break or discolor.

| | |
|---|---|
| **25-111259** | **5.99 ea.** |
| **25-118194** | **9.99 pr.** |

## Laser Shield® License Cover

- *Diffuses Incoming Laser Beams*
- *Does Not Obstruct View Of License Numbers*

Laser guns emit a laser beam which is bounced off a flat, perpendicular, metallic, reflective surface on your vehicle. This specially designed cover works to absorb and diffuse the incoming laser beam. Significantly shortens the effective distance of laser guns. Note: Buyer assumes all responsibility for using this product in compliance with local motor vehicle codes.

**25-253600** **24.99 ea.**

## The Super Protector® License Plate Cover

- *Protects Your Privacy*
- *Blurs Numbers From Side View And Overhead*
- *Numbers Visible From Straight On View*

How does "The Protector" work? Photo-radar and photo-laser operate at known angles to the direction of traffic flow. Using a passive, state-of-the-art light-bending lens, the camera is unable to see the plate numbers, and identify your vehicle. The license plate is still readable from straight on. Note: Buyer assumes all responsibility for using this product in compliance with local motor vehicle codes.

## 1984-96 Front Lower Big Mouth Performance Air Dam

- *Maximizes Usable Cool Air Flow*
- *Decreases Coolant Temp's 3-6°*
- *Adds Performance To Ram Air Systems*
- *Helps To Prevent Water Ingestion*
- *Keeps Road Debris Out Of Radiator Area*

One of the many benefits of the Big Mouth Performance Air Dam is easy installation. It installs in about 45 minutes by removing the stock spoiler center bracket and drilling 4-1/8" holes in the skid bar. The Dam then fits on top of the lower radiator baffle and bolts in place. Included with the powder coated Dam is stainless steel hardware and installation instructions.

## 1984-90 Wide Molding Front Bumper Replica

- *Fiberglass Or Flex-Fit Construction*
- *Bolt-On Installation, Fits All 1984-90's*

Update your 1984-90 Corvette to 1991-96 styling with our front Bumper Replica. Our part number 25-100753 uses 1991-96 side marker and fog/turn signal lights, with the bumper are the inner fender adapters and fog lamp bulb access doors. When ordering either bumper order the parts listed below with the front license cover as an optional item (depending on what state you live in) and the fog/turn signal lights depending on which bumper you select.

| | | |

## 1984-96 Rain Coat® Sport Tops

- *Canvas Soft Top For Coupes*
- *Folds For Compact Storage*
- *Easy To Install And Remove*

The "Rain Coat" from Fox Enterprises Inc. is a soft top for all 1984-96 Corvette coupes. It replaces the heavy stock roof panels to give you the convenience and flexibility to install a lightweight, easy to handle roof when beautiful "convertible" days turn sour. The "Rain Coat", made of soft, top quality canvas with injection molded inner foundation, installs quickly utilizing the car's stock mounting points. Velcro seals across the front and back of the "Rain Coat" for a snug, windproof, watertight fit. All "Rain Coats" have been designed and tested to be used at normal highway speeds with no problems. Storage bag included.

| | | |

| **25-121833** | 1984-88 | **379.99 ea.** |
| **25-121896** | 1989-96 | **379.99 ea.** |

## 1984-96 Coupe Windjammer

- *Reduces Wind Noise* • *No Modifications Required*

Made of tough DuPont™ plastic, the Windjammer installs in seconds to the stock roof mounts. Benefits include a 75% reduction in top-off wind noise and the tinted deflector reduces sun glare by 90%. The Windjammer stores conveniently behind the seats when not in use.

To distinguish between early and late 1986 cars, see chart pictured.

| | | |

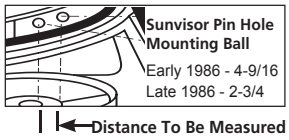
| **25-106286** | 1989-96 | **159.99 ea.** |

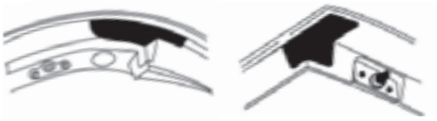


## 1984-96 Roof Panel Rain Gutter Moldings

- *Keeps Water Out Of Interior Easy To Install*
- *Looks Like A Factory Installed Part*

The black ABS molding runs from the front of the roof panel to the rear and diverts water away from the interior. Simply affix the rain gutter molding with self-adhesive tape and snap-on fasteners. It requires no modification to the car to install and is supplied with instructions.

| | | |
|---|---|---|
| **25-110717** | | **31.99 pr.** |



## 1984-96 Roof Panel Squeak Eliminator

In 1992, GM installed these pads on factory Corvettes to eliminate squeaks and rattles. Retro for 1984-91 or replace for 1992-up. Adhesive backing for easy installation.

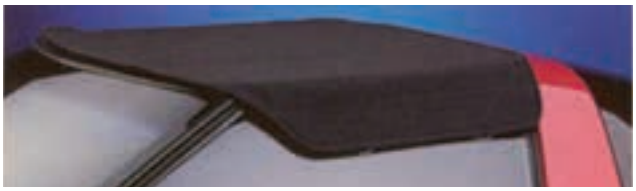
## 1984-96 Deluxe Roof Panel Bag

- *Protects Tops*
- *Fleece Lined Naugahyde*
- *Choice Of Colors*

Deluxe Roof Panel Bags, sewn from heavyweight, grained Naugahyde, are roomier than most to allow tops to slip in and out easily. They feature double stitched seams and a soft, cotton fleece lining that won't scratch your top. Each bag features a fold-over flap that attaches with Velcro®.

| | | |
|---|---|---|
| **25-121941** | Black | **59.99 ea.** |
| **25-109055** | Gray | **59.99 ea.** |
| **25-109056** | Red | **59.99 ea.** |



## 1984-96 Carbrella Sport Tops

- *Use During Temporary Parking*
- *Installs In Seconds, Weighs Only Four Pounds*

Eliminate the hassle of installing your hardtop for short term parking. The Carbrella Sport Top protects your car's interior against the elements. Steel reinforced plastic panels are covered with convertible grade fabric, it's lightweight and folds for easy storage. Insist on the original Carbrella sport tops.

| | | |
|---|---|---|
| **25-103439** | | **147.99 ea.** |

## Convertible Window Pillow

- *Protection For Convertible Top Rear Windows*

Keep your convertible's rear window from being scratched or creased while stored. Simply place the soft, foam-filled pillow on the fold of the rear window as the top is lowered.

**25-104013** For Tops with Soft Windows Only **13.99 ea.**

## 1986-96 "The Stick" Convertible Top Deck Lid Convenience Prop

## 1985-92–BBK Fuel Pressure Regulator, Adjustable, TPI 305/350

- *Tuning Is Accomplished With The Simple Twist Of A Screw*
- *Will Allow Fuel Pressure Adjustment To Approximately 65psi*

BBK billet Fuel pressure Regulators are a great way to tune your vehicle to obtain optimum air/fuel ratios and achieve maximum horsepower. Each fuel pressure regulator is made from high quality CNC machined billet aluminum with a long lasting anodized blue finish. These BBK fuel pressure regulators are direct replacements for your stock pre set regulator and offer the best performance and value. NOTE: Includes OEM direct fit manifold runner gaskets. Great for mild to wild applications.

## 1985-96 Hi-Flo Injectors

- *Outflows Factory Injectors (22 Lbs./Hr.)*
- *For Hi-Performance/Modified Engines*
- *Two Flow Choice Options (24/30 Lbs./Hr.)*

These Hi-Flo Injectors are perfect for mildly modified or highly modified engines that require more fuel. You can also use the 24 lb. injectors as an economical replacement for expensive factory injectors.

| | | |
|---|---|---|
| **25-113866** | 1985-96 Excluding ZR-1 (24 Lbs./Hr.)* | **399.99 set** |
| **25-113867** | 1985-96 Excluding ZR-1 (30 Lbs./Hr.)* | **399.99 set** |

*** Note: Installation on LT-1 engines requires a simple 10 minute lengthening of the plastic clip groove.**

## 1984-96 Interior Dye

- *Exact Match In Color*
- *Long Lasting-Out Lasts Paint*
- *12 Oz. Aersol Spray*

Formulated and mixed to match our leather or vinyl interiors. This new dye normally requires only one coat if primer P/N 25-168625 or 25-168624 is used first. Made to last and retain color fastness, this dye will make your restoration or just interior upgrade perfect.

| | | |
|---|---|---|
| **25-243683** | 12 oz Spray | **18.99 ea.** |
| **25-245873** | Quart | **64.99 ea.** |

**These Products Cannot Ship By Air**

## Interior Dye Prep and Clear Coats

Formulated to complement the interior dye for a professional and lasting appearance. All are available in 12 oz. spray cans and primer in quart.

### Primer

Spray primer on any part that you are changing the color from dark to light.

| | | |
|---|---|---|
| **25-168625** | Spray | **16.99 ea.** |
| **25-168624** | Quart | **64.99 ea.** |

### Adhesive Promoter

Use the promoter after the spray prep. Promoter will create a bonding surface for the primer to adhere.

**25-257059** **16.99 ea.**

### Surface Prep

Along with the specially formulated adhesive promoter, spray prep is highly recommend to give long wear and tear to your newly dyed interior.

**25-257051** **17.99 ea.**

### Clear Coat

When high metallic color or just putting dye on hard plastic, use this clear coat to protect it against scratches or rubbing.

**25-255883** **16.99 ea.**

**These Products Cannot Ship By Air**

## Corvette Leather Repair And Protector Kit

It's all here – everything you need to clean, preserve, restore, and protect your leather seat covers. Included are... Spot Remover – Removes grease and stubborn stains. Will not discolor. Leather Soap – A gentle yet effective way to remove dirt and oils. Leather Lotion – Preserves your cleaned leather and keeps it looking good. Leather Waterproofer – Repels water based stains from setting in before you can clean them. Helps prolong the life of your leather seat covers. Color Cote – Used to actually re-color the worn areas of leather seats. This is not a paint, but rather, a true leather dye. Has a "leveling" effect that actually fills small imperfections. Formulated in twenty-four stock Corvette interior colors. Clear Cote – Seals and protects your restored leather. Protects finish and prevents abnormal wear. To order, simply select the Kit that contains the correct color for your Corvette.

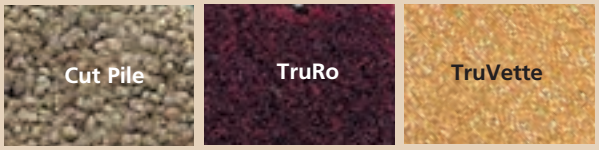
## 1984-96 Molded Carpet Sets

1984-1996 carpet sets are available with your choice of original Mass Backing or replacement Poly Backing. 1994-96 Tru-Vette is only available in Mass Back. Our Mass Back sets feature the same hard-rubber backing used by the factory to reduce heat and noise in your Corvette. Or, for an economical alternative, choose the jute padded, moisture resistant Poly Back. Cut Pile Carpet is original for all 1984-93 Corvettes. For 1994-96 Corvettes, TruVette was the original carpet material. All carpet sets included molded heel pads, serged bindings and velcro strips to hold floor mats in place, and door panel carpet strips. Specify color.



**1984-96 Cut Pile, TruRo and TruVette**
1984-93 are available in original cut pile carpet. Also 1993 40th Anniversary is available in original TruRo carpet. 1994-96 are available in cut pile and original TruVette carpet.

## 1984-96 Information Center Lens

- *Reproduction Of Original*

When you enter your Corvette the first thing you see is the dash. Now you can renew the info center lens with one of these reproductions. They give your center dash a fresh clean look, with clear bright colors showing through. Most original lenses have been damaged over the years, with either scratches or even holes. Simple to install, just remove the radio panel, remove the old lens and re-install the new piece. The new lens will make your Corvette look great for years to come.

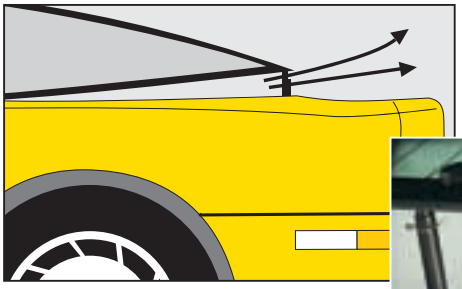
## 1984-96 Rear Window Hatch Vent

- *Provides Flow-Thru Ventilation*
- *Lowers Interior Temperatures Up To 10 Degrees*
- *Made With Aluminum Alloy*

Rear window Hatch Vent is a heavy- duty aluminum alloy bracket that raises the back of the rear window 1-1/2" from the closed position. It installs in just seconds with roof panel ratchet, to the lock striker without modifications to the car. Does not affect operation of alarm system or interior lights.

**25-121942** Coupe Only **24.99 ea.**

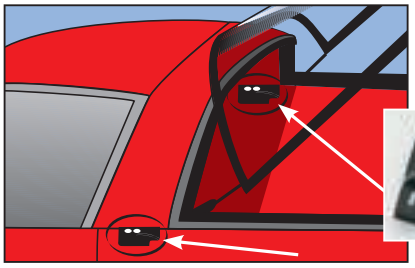


## 1984-96 Ventmaster Rear Hatch Vent

- *Lowers Interior Temperatures*
- *Installs In Seconds Without Tools*

This simple rear hatch vent raises the rear hatch window 1-1/2 inches for exceptional flow-through ventilation for reduced cockpit air turbulence while driving. Compatible with stock alarm system and interior lights.

**25-105317** Coupe Only **44.99 ea.**

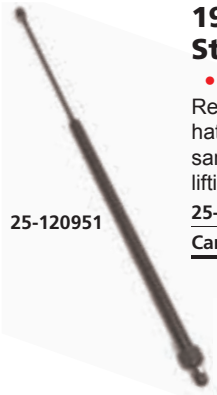


## 1984-96 Rear Interior Shade Retainers

- *Eliminates Squeaks*
- *Improved Holding*

These specially designed clips will hold your curtain in place more securely than the stock clips. This prevents rattles and possible curtain damage.

**25-104151** Coupe **9.99 pr.**



## 1984-96 Rear Hatch Window Struts

- *Has Defrogger Attaching Clips*

Replace slow-moving or inoperative rear hatch supports. Replace both struts at the same time to get even lifting and support.

**25-120951** 1984-96 Left, w/Defogger **39.99 ea.**

**Cannot Ship Via Air**

## 1984-96 Dual Mount Rear Composite Monospring Kits

Dual Mount Monospring Kit can be set for a soft ride or high performance handling by simply changing the mounting block adjustment points. You can also adjust the ride height up or down 1" using the adjustable spring bolts. This kit will work with any front spring setup and rate (from stock to 860 lbs./in.) and is ideally matched to front monospring kits. The kit includes a specially made rear monospring, adjustable long spring bolts with polyurethane cushions, mounting brackets, blocks and plates and all necessary hardware and installation instructions.

**25-110376** **789.99 kit**

## 1984-96 Rear Spring Bolts Kit

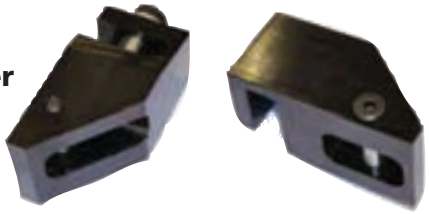
- *10" Long Bolts*
- *Includes Washers and Cups*
- *Has Urethane Cushions*

Long bolts are utilized when lowering the ride height below original height.

**25-112785** **49.99 kit**

**25-101489** Bolts Only (includes nuts) **29.99 pr.**

## 1985-96 Rear Lower Coilover Shock Mount



- *Aerospace Material*
- *Strongest Coilover Mount On The Market*
- *C-N-C Machined*
- *Accepts 1" Heim*
- *Mounting Hardware Included*

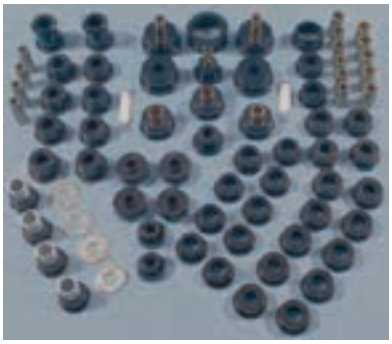
**25-253177** **256.99 pr.**

## 1985-96 Upper Coilover Shock Pin Mount

- *Aerospace Material*
- *Mounting Hardware Included*
- *C-N-C Machined*
- *Accepts 1" Heim*

**25-253167** **299.99 pr.**

## 1984-96 Polyurethane Total Suspension Kit



- *Improves Ride And Handling*
- *Outlasts Stock Rubber Bushings*

Step up to the improved performance provided by a polyurethane suspension kit. The kit includes: front and rear control arm bushing sets, rack and pinion bushings, rear strut rod bushings, differential carrier bushings, and tie rod end boots.

**25-107693** **199.99 kit**

**25-111936**

## 1984-96 Rear Outer Axle Toe Adjustable Tie Rod Ends

- *Replacement*

| | | |
|---|---|---|
| **25-111936** | 1984-91 | **49.99 ea.** |
| **25-107422** | 1992-96 | **29.99 ea.** |

## 1984-96 Rear Axle Toe Adjustable Socket

- *Replacement Socket*
- *Complete With Outer Tie Rod Ends*

**25-111938** **479.99 ea.**

## 1984-96 Polyurethane Rear Spring Cushions

Polyurethane lasts longer than rubber without changing the basic characteristics of your Corvette.

**25-102732** (Set of 4) **19.99 set**

25-254009

## 1984-96 Rear Spring Cushions

- *Upgrade From Stock*
- *Set Of Four*

**25-254010** Rubber **18.99 set**

**25-254009** Polyurethane **18.99 set**

## 1984-96 Split Polyurethane Strut Rod Bushings

The benefit of our split style strut rod bushings is self-centering installation. Rubber bushings frequently are installed off-center, thereby causing alignment and installation problems. Split style bushings can also be installed at home with a large vise. The bushings are made of polyurethane with a steel sleeve to improve ridge and rear camber control.

**25-106177** **29.99 set**

## 1984-96 Smart Struts And Performance Camber Rod Kits

25-106178

- *Increases Rear Wheel Traction*
- *Reduces Uneven Tire Wear*

Give your Corvette's rear suspension, the competitive edge. Smart Struts increased adjustability and rigidity improves suspension geometry, eliminating camber change during suspension travel. This keeps more of the tire's contact patch on the ground at all times. The result is improved traction and stability during hard cornering, as well as more off the line traction. Its heavy duty construction will also maintain alignment settings better than the factory components under aggressive driving maneuvers. Kit comes complete with: heavy duty upper strut rod mounting bracket, camber adjustment cams, custom poly-adjustable struts, all hardware and instructions.

**25-106178** Forged Rod Ends **225.99 kit**

**25-107483** Heavy Duty HEIM Rod Ends **299.99 kit**

**25-107484** Racing HEIM Rod Ends **349.99 kit**

## 1984-96 Adjustable Stock Type Strut Rod Kit

Adjustable type strut rods have HD forged ends and polyurethane bushings for improved ride and camber control.

**25-112723** **139.99 kit**

## 1984-96 Heavy Duty Rear Toe Rod Kit

- *Maintains Precise Rear Toe Settings During Extreme Driving*
- *Noticeably Improves Handling Predictability*

The factory toe rod assembly is inadequate for Corvettes used in serious autocross, track time or drag racing events. The stock toe rods deflect and allow untimely and unwanted toe changes. The result is the rear tires can cause wandering, increased E.T.'s and cause the lack of a positive sense of stability when drag racing. In autocross or track time driving, the toe change will upset the car's ability to corner and reduce the drivers' confidence while cornering, resulting in slower lap times.

**25-130437** **359.99 kit**

## 1984-96 Rear Trailing Arm Bushing Set

- *Improves Handling*
- *Pre-Lubed*
- *Completes Left and Right Side*

**25-102731** **69.99 set**

## 1992-95 FX3 Bilstein Shock Absorber Gear

- *Reproduction Of Original*

**25-254211** **39.99 ea.**

## 1989-95 Bilstein FX3 Front Upper Shock Mount Grommet Set

- *Polyurethane To Last*
- *Replace Worn or Dried Out Originals For Perfect Fit*

When replacing your FX3 Bilstein shocks you need to install these polyurethane bushings to complete the job. Not supplied with the shocks and discontinued with General Motors, these are a must for worn, dried up original grommets.

**25-246615** **15.99 set**

## 1984-96 Bilstein Gas Shock Absorbers

- *High Pressure Gas Shock*
- *Our Best Performance Shock*
- *Limited Lifetime Warranty*

Specifically calibrated for high performance Corvette applications, Bilstein high-pressure gas shock absorbers offer all the advantages of a gas shock, plus construction and performance features that are incomparable. Guaranteed not to fade, the Bilstein shocks are 20% stiffer than original equipment shocks for true high performance and racing applications. Bilstein shocks feature a seamless, mono-tube construction for fast heat dissipation and finely machined components to yield the most sensitive valving available today. Bilstein shocks may increase the ride height of the car approximately one-half inch if the car has settled due to worn suspension components. Cannot be shipped by air.

## RideTech HQ (Handling Quality) Gas Shocks

- *Tuneable Ride And Handling Quality*
- *Mono-Tube Design and 1/2" Hardened Shaft*
- *Billet End Cap With Integrated Debris Wiper*
- *Teflon Piston Wiper*
- *Integral Internal Bumpstop*
- *Mono-Tube Bore Is Cathode Anodized*
- *Hard Coat External Anodizing*
- *Made In The USA*
- *1,000,000-Mile Manufacturer Limited Warranty*

Over time, your gas shocks age and leak oil. As they leak, the shock will foam and can overheat making your Corvette not absorb bumps in the road as it should. It also affects handling because it can't react as fast as it should. In that case, you'll notice more body roll and a bouncy ride. The solution is new gas shocks. The HQ (handling quality) Series shocks add rebound adjustment for the driver who wants to tune ride quality and handling quality to their specific taste. A wide rebound adjustment range allows you to cruise down the road in plush comfort or firm up your suspension for those Saturday morning canyon roads! Its main advantage is that a larger piston and a more efficient oil flow path leads to cooler operating temps and more consistent performance in extreme environments.
NOTE: Must Align Suspension After Installation.

## 1985-96 Coilover Suspension Kit

- *Kit Includes QA-1 Shocks Hyperco Coil Springs*
- *2 Rear Lower Mounts 2 Front Upper Mounts*
- *Spanner Adjustment Wrench*

This new 1985-96 Corvette Coil Over suspension system provides the ultimate in suspension personalization. From fully adjustable ride height to hundred's of different dampener settings to an array of spring rates, allowing the Corvette owner to obtain the look, ride and handling that they want. This kit provides the Best value to convert your composite spring plate form to a true independent coil spring package. Included in this system are lifetime warranted Hyperco springs with "Optimum Body Diameter" (OBD) for the truest linear spring rates and quality available in the USA today.

## 1984-96 KYB Gas Shock Absorbers

- *High Pressure*
- *Great Price*
- *Excellent Replacement Shock*

KYB high pressure gas shocks are excellent performance replacements for both Bilstein and non-Bilstein equipped 1984-96 Corvettes. In terms of performance, KYB's are "guaranteed" not to fade! In fact, regardless of how much or how hard the shock is worked, the KYB shock still provides 100% shock absorbing efficiency - now and forever. The KYB mono-tube shock is backed by a limited lifetime warranty. KYB is an excellent selection for Corvette owners who demand life-long service out of a performance shock. Cannot ship by air.

## 1984-96 Engine Front Camber Brace

- *Improves Handling*
- *Better Driver Feel*
- *Precise fit*
- *Light Weight at 5.4lbs*

The Front Camber Brace is designed specifically for the 1984-89 Corvette with the L98 engine. The concept of the Camber Brace is to structurally connect the front upper control arm bulkheads together making the front end stronger. By doing so, you reduce suspension distortion for improved, more responsive handling. American made from chromoly tubing, tig welded, C-N-C machined attachment flanges provide an exact fit. No modifications to install with basic hand tools and ability.

## 1984-88 Richmond 6-Speed Transmission

- *Best Replacement For Doug Nash 4+3 Transmission*
- *Less Costly And Better Performance Than Rebuilding Original*
- *Transmission With Shifter Only*

According to Corvette Fever Magazine, this transmission is the best replacement for the original equipment 4+3 transmission. Unlike the 4+3, which in practical use is a four speed with an overdrive, the Richmond gives you five gears plus an overdrive. Includes transmission with shifter.

## Automatic Transmission Cooler

- *Prevents Overheating*
- *Prolongs Transmission Life*

Did you know 9 out of 10 automatic transmission failures are caused by overheated transmission fluid? If you use your Corvette for towing, drag racing or auto crossing, you need the protection of a Flex-a-lite transmission oil cooler. Step by step instructions are included as well as installation hardware.

- *Includes New Aluminum Flywheel, Hydralic Release Bearing System and All Hardware*
- *Will Handle Torque Rating Up To 750 ft/lb*

**25-295698** 1330.99 kit

## 1984-96 Premium Clutch Kits

- *Upgrade Over Original Equipment*
- *Pressure Plate, Disc and Throwout Bearing*

Clutch Kits are matched pressure plate, clutch disc and throwout bearing sets that have been designed for engines that have been mechanically upgraded over stock. These sets are direct replacements for stock assemblies and require no additional effort in driving. The additional torque capacity of these clutches is the result of a much improved clutch disc friction material that can withstand the added power output and aggressive driving style of today's mildly modified street combinations. Each set includes a pilot tool to make alignment of the disc a snap.

## 1994-96 LT1 and LT4 Heavy-Duty Stage II Clutch Kit

- *Will Handle Up To 475 H.P*
- *Allows Quicker Revs With Aluminum Flywheel*
- *Perfect For Street and Track*
- *Attention Installers: Flywheel Must Be Balanced To Match The Original Before Installation*

This Stage II Clutch Kit is a complete high performance package including aluminum flywheel, pressure plate, clutch disc, throw out bearing and alignment tool. The 12.5 pound aluminum flywheel reduces reciprocating weight by 24 pounds for instantaneous throttle response and more rear wheel horsepower. We guarantee you will feel the increased power and enjoy the smooth operation of this high performance clutch kit.

## THREE CHOICES OF CORVETTE WEATHERSTRIP

***EDPM Rubber–Imported***
EDPM (Ethylene Propylene Diene Monomer) has a longer life span when compared to latex weatherstrip and at significant cost savings.

***EDPM Rubber–Made in USA***
Longer life span as compared to latex and at a lesser cost. Slightly better finish as compared to imported EDPM.

***Latex Rubber***
Latex rubber is utilized in factory weatherstrip. Has excellent finish and a higher cost compared to EDPM.

## 1984-96 Chrome Plated Factory Wheels

- *Available Exchange or Outright*
- *Triple Chrome Plated – Mirror Finish With Limited 5 Year Warranty**

Now you can have chrome plated factory wheels without having any downtime. Just purchase the chrome wheels plus the core charge and when you return your undamaged matching Original Equipment wheels within 15 days, Eckler's will refund the core charge.** You can verify your OE wheels by locating the GM part number or logo on the inside of the wheel. For your convenience, Eckler's shipping price includes return shipping of cores by FedEx. Easy-to-follow instructions for core returning are provided. If you are wanting to replace your original wheel with a different design, see retro-fit chart at bottom of page. *All wheels carry a limited 3 year warranty against defects in chroming, except for 1988-90 wheels which carry a one year warranty. **Full credit will be given for plateable wheels of the same size and style in mint condition returned within 15 days. Wheels in less than ideal condition will not yield a full credit. See chart at bottom for core value if returning cores not matching purchased wheels.

## 1988-96 ZR1 Reproduction Wheels

- *Center Cap Included*
- *Black Finish With Red Banding*

The finish on this wheel is achieved through several different phases. The finishing process includes a black powder coat foundation followed by two layers of clear coat, not a one stage enamel. This is the correct way to finish a wheel. They have an absolutely beautiful finish with a superior sheen due to the additional layer of clear coat.

## 1988-96 LG GT 2 Wheel Set

- *Set Of 4 (18" x 9" Front and 19" x 10.5" Rear)*
- *Comp Grey Finish With Machined Lip*
- *Center Caps Included*

These stylish multi-spoke aluminum wheels are just what you need to set your ride apart from the other Vette's in the parking lot. Made using a pressure casting method to bring a higher strength vs a normal cast wheel, without the pricing penalty of a forged wheel These wheels are 1/2" wider than your stock C6 wheel so factory tires go on with no issues, and will accept larger tire fitments for those wanting more rubber to the ground.

## 1988-96 C5 Style Deep Dish Reproduction Wheel, Black With Machined Face

- *Center Cap Included*
- *Black (Vents) With Machined Face*

NEW

The finish on this wheel is achieved through several different phases. The finishing process begins with a Black powder coat applied to the wheel. The face of the wheel is then precision machined using a coolant and ceramic bit. This method leaves the Black powder coat in the recessed areas between the spokes while creating a fine machined aluminum appearance on the face of the wheel. The final stage consists of two layers of clear coat.

## 1984-96 Cray Hawk Wheels

- *Rotary Forged Aluminum Is Ultra Strong and Lightweight • Deep Lip Design*
- *Accepts Corvette O.E. Valve Stems, Center Caps, Wheel Lugs, and TPMS Sensors*
- *Hub Centric Fitment For Vibration Free Hub Centric Balancing*
- *2-Year Limited Manufacturer's Structural and Finish Warranty • Made In The USA*

NOTE: Does not include wheel weights, valve stems, wheel weights, or mounting and balancing. Use tires with the same O.D. as your oem factory tires to maintain speedometer accuracy. If not, you may need speedometer recalibration (not included). If wheel weights are required, use tape on wheel weights on the inside for a cleaner look that won't damage your finish. Cleaning with soap and water is preferred. Wheels are not returnable once mounted.

## 1953-15 Corvette Black Book

The first Corvette Black Book was published in 1978 and update on a regular basis. The beauty of the Corvette Black Book lies, like the car itself, in its evolution. These are pocket-sized marvels with thousands of Corvette facts, options and option codes, exterior and interior colors and codes, production figures, serial numbers for body, engine, and component parts, original "window sticker" prices, and a compilation of the details that make each model unique. By categorizing all this in a precise year-to-year format, the Corvette Black Book puts phenomenal expertise at your fingertips. And the latest 1953-2015 edition is the best yet. 160 Pages, Softbound, 4.375" x 10", 67 B&W photos.

**25-355197** **16.99 ea.**

| **25-255624** | Volume 6 Rear | **59.99 ea.** |

## Weekend Projects For Your Modern C4-C5-C6 Corvette

Written by Tom Bedford, this invaluable guide covers the three modern generations of America's favorite sports car. *Weekend Projects for Your Modern Corvette* is the ultimate guide for maintaining, upgrading, and personalizing your Corvette. Basic maintenance, bodywork, painting, interior upgrades, audio/visual customizations, wheels, tires, shocks, lights and electrical, accessories—a total of 52 projects, one for every weekend. 224 pages, 8.25" x 10.625".

**25-256742** **29.99 ea.**

## Corvette From The Inside 1975–92

- *Written By Corvette Expert & Former Chief Engineer Dave McLellan*
- *Soft Bound, 8 3/8" x 9.25"*
- *Engineering And Planning Details From Every Phase Of The Corvette*

A guided tour through Corvette history by a man who was intimately involved with America's favorite sports car for 17 years. The challenges McLellan faced in the 70s and early 80s as he struggled to lead the Corvette program from the edge of failure to resounding success serve as a wonderfully detailed case-study in how the American automotive industry relied on the ingenuity, intellect, and pure determination of its top engineers to resurrect itself from a near-fatal slump and compete once again with Asian and European manufacturers.

**25-348014** 288 Pages, 200 B&W Photos & Illustrations **39.99 ea.**

## Corvette Illustrated Encyclopedia

NEW

- *A Must-Have For Any Corvette Enthusiast*
- *314 Soft Cover Pages*

## 1984-96 WeatherShield® Car Cover

- *"The" Ultimate Car Cover Fabric*
- *Repels Water Better, Keeps Car Dryer*
- *Packs Small And Light*
- *Dries In A Flash*
- *Fits All C4s Except ZR1*

The Weathershield® Car Cover manufactured by Covercraft is the new standard in top of the line car covers. It keeps your Corvette drier, is softer against your paint's fine finish, dries faster and breathes better than anything on the market today. Technically speaking the fabric is different because the one-layer fabric goes thru the Nextec encapsulation process which non-technically speaking is the very best way to make an extraordinary fabric. In fact this process also gives this fabric a 9 out of 10 rating for simple dust protection too! Like other Covercraft covers, the Weathershield® cover has these quality features: double stitched seams, neoprene elastic front and rear for a snug fit and reinforced, non-scratch car cover lock grommet. Backed by a 4 year limited warranty.

**25-112696** Tan **349.99 ea.**

## 1984-96 Covercraft Carband

- *Offers 360° Protection From Nicks, Dings, and Scratches*
- *Tight-Fitting and Self-Securing*
- *Easy To Use*
- *Fits Coupe Or Convertible*

We've all been there: You've parked your car in a parking lot only to discover a small dent or scratch left by an adjacent car door. Or you think you've parked your car safely in your own garage only to find dings from a fallen shovel or scratches from the kid's bike handles. Protect your investment with the Carband Plus. The Carband surrounds your vehicle in 360° protection from dents, nicks, dings, and scratches. Made from impact-absorbing spacer mesh material, it conforms to the shape of your vehicle for a perfectly snug fit. Applying the Carband Plus is fast and easy, just place one end over the front or rear bumper then stretch the band over the opposite bumper area. The Carband is breathable to promote air circulation and minimize moisture build up and is thick without being bulky for easy storage. Perfect for use in private and public garages, parking lots, and street parking.

**25-329238** **319.99 ea.**

***Cannot Ship By Air**

### Z2 Pro Show Car Polish - (Clear Coat Paint)

Molecular chemistry provides "wettest-looking," distortion-free, ultra-deep look to your Corvette's paint. Easy to use polish leaves no residue.

**25-309809** 8 oz.* **17.99 ea.**

### Z6 Ultra Clean Gloss Enhancer Spray

For fast cleaning of dust, water spots and light soil between washes. Anti-static formula reduces dust and dirt pick-up.

**25-309808** 16 oz.* **12.99 ea.**

### Z10 Leather In A Bottle Treatment/ Conditioner

Contains a perfectly balanced, solvent-free blend of mink oil and other natural nutritives which penetrate, soften and preserve the leather. Non-oily, non-sticky.

**25-309863** 8 oz.* **13.99 ea.**

### Z16 Perfect Tire Gloss (Rubber/Trim) Protectant

Non-oily rubber protectant that holds up thru multiple washings. Slightly glossy finish.

**25-309872** 16 oz.* **15.99 ea.**

## P21S Paintwork Cleanser

What seperates P21S Cleanser from other pre-cleaners is an advanced polishing system that is more selective about which areas of a painted surface need and don't need attention. Goes on easy, comes off even easier with no "elbow grease" or powder residue to deal with.

**25-253968** 11.8 oz **15.99 ea.**

## P21S Window Wash Boost

High performance detergent eliminates dangerous windshield streaking. Easy to use. Concentrated mixture makes 6-1/2 gallons.

**25-253965** 18 oz **8.99 ea.**

## P21S Concours Paste Wax

Give your car the ultimate Concours shine in minutes! A rich blend of pure Brazilian #1 yellow carnauba and beeswax delivers a dynamite shine that lasts and lasts.
A paste wax that's virtually as easy to use as liquid, P21S wax goes on and comes off with incredible ease and no powder residue.

**25-253971** 6.2 oz. **33.99 ea.**

## P21S 100% Carnauba Paste Wax

P21S breaks the 'carnauba barrier' with its 100% carnauba based Paste Wax.

**25-253974** **54.99 ea.**

## P21S Polishing Soap

The power of a polish, with the ease of a soap. Wet the sponge, rub it across the soap, scrub, then rinse with water. Use on chrome, stainless and aluminum to remove rust, oxidation and dullig in seconds!

**25-253980** 10.6 oz. **10.99 ea.**

## P21S Chrome Polish

A unique multi-surface polish specifically formulated for the variety of surfaces found on today's automobiles. P21S Chrome Polish and Finish Restorer easily renews badly tarnished metals to a brilliant shine, yet remains mild enough to use on paintwork and plastics.

**25-253977** 3.56 oz. **10.99 ea.**

## Connolly Hide Care

Hide Care is a concentrated cleaner that feeds the leather to achieve a rich, polished finish, and to help prevent cracking. Great for vinyl, as well.

**25-253935** 13 oz. **29.99 ea.**

## Connolley Leather Care Kit

The leather care kit contains leather cleaner (17 oz), and leather conditioner (10 oz). Specially blended with lanolin conditioners that will penetrate and soften all the leathers.

**25-253936** **79.99 kit**

## Eco Touch Car Care Products

While some think that clean means greasy and glossy, we prefer au natural. Our plant-derived ingredients protect and condition, but don't give you a toxic-fume headache.

NEW

**25-354091** **29.99 ea.**

## Battery Tender

- *Safe, Reliable, Trouble Free Battery Care*
- *Developed To Maintain Batteries Not In Constant Use Or Storage*

Automatically switches off after fully charging to storage charge constantly monitors the battery without the damaging effects of trickle charging. The initial charge cycle of the Battery Tender brings a battery to a full charge at approximately 14.4 volts about 1.25 amps. After a full charge is reached, the Battery Tender automatically converts to a float charger and monitors the battery at 13.6 volts. Although there is a constant voltage of 13.6 volts being applied to the battery, it is doing so at very little or no current. Equipped with 6' power cord, and 6' output cord with clamps, 5 year warranty.

**25-253877** **63.99 ea.**

## Battery Tender Waterproof 800 Charger

- *Charges Battery and Maintains Proper Storage Voltage Without Damaging Effects Caused By Trickle Chargers*

The Battery Tender Waterproof 800 is perfect for outdoor use. Its circuitry is epoxy encapsulated so it will perform even while submersed under water. The unit packs 800 milliamps of pure charging power yet it is no larger than the size of a standard computer mouse. You can use Battery Tender anywhere in the world (100-240VAC 50/60 Hz) and the unit is reverse polarity protected, spark proof and it complies to international safety standards (UL/CSA/CE). Like all Battery Tenders, it has a microprocessor (brain) that controls the charging of each battery so that your battery doesn't get "cooked" the way conventional chargers can do. This lightweight unit weighs only 1 lb. and carries a manufacturers' 2 year warranty.

**25-253879** **49.99 ea.**

## Battery Mat

Mats absorb battery acid to protect the battery, holder and surroundings from corrosion. Mats are 8" x 12", trim to fit.

**25-253883** **6.99 ea.**

## 12 Volt Battery Tender 2 Bank Charger

- *2 Independent Charging Stations*
- *Developed To Maintain Batteries Not In Constant Use Or In Storage*
- *Fully Automatic Charger*
- *12 Volts At 1.25 Amps Per Station*
- *Operates Anywhere In The World! 100-240 VAC 50/60 Hz.*
- *Reverse Polarity Protection To Ensure User Safety*
- *Microprocessor Controlled Constant Current Charging*

**25-313686** 2 Year Warranty **129.99 ea.**

## Priority Start

- *Guarantees Battery Power For Starting*
- *Simple Installation 3 Easy Connections*

Detects excess voltage drain due to lights left on, door ajar, radio on, even short circuits, and it automatically disconnects the load. When the key is turned on, it automatically reconnects the battery and your car starts. Priority Start is easy to install and is backed by a 3-year warranty. Priority Start fits both side post and top post batteries, hardware included.

**25-285771** **112.99 ea.**

## Battery Quick Disconnect Switches

- *Avoid Short Circuits And Battery Drain*

Just twist the handy knob and cut off current at the battery. Simple switch installs in minutes and easily removes to return to original condition. Purchase bypass wire to eliminate hassle of resetting stereo and other ECM functions.

| | | |
|---|---|---|
| **25-253920** | Top Post Battery | **9.99 ea.** |
| **25-253491** | Side Post Battery | **9.99 ea.** |

| **25-253656** | Bypass Circuit for ECM/Radio Memory (Side Post) | **3.99 ea.** |

## Side Terminal Battery Wrench

Ratcheting box wrench features an insulated handle and nickel plating for faster, safer disconnection.

**25-253303** **5.99 ea.**

## OPTIMA® Batteries

- *Great For High Watt Demand Electrical Systems*
- *Won't Leak Like Stock Batteries*
- *Spiralcell® Technology*
- *750 Cold Cranking Amps*

**See Website For Product Details**

## Competition Tire Gauge

- *Easy-To Read Gauge*

This deluxe model has a hose fitting and features a quick bleed valve for quick pressure setting, 0-60 PSI.

**25-253835** **19.99 ea.**

## Brake Line Forming Tool

- *A Must Have For Shaping and Tweaking Brake Lines*
- *Use With 3/16" and 1/4" Brake Lines*
- *Forged 9" Pliers With Vinyl Grips*
- *Bends Lines Without Distortion Or Crushing*

**25-278264** **29.99 ea.**

## Catch Bottle Kit

- *The Perfect Companion To The Power Bleeder*

These bleeder bottles feature a stainless lanyard to hold the bottle to a suspension component and a return nipple to prevent spills. Set of two 500 ml polyethylene bottles.

**25-254003** **26.99 set**

## Dual Master Cylinder Brake Pressure Bleeder

- *Bleeds Brakes Like The Professionals*
- *Pressurized Brake Fluid Forces Trapped Air From The Brake System*
- *Fits Master Cylinder Openings Up To 4"x6.5"*

Finally an affordable and easy-to-use brake pressure bleeder for the do-it-your-self mechanic is now available. This tool uses air pressure to force brake fluid through the system during the brake bleeding process. Pressurized fluid forces all the trapped air in the hydraulic system out, providing the most efficient way to have a firm brake pedal. This kit will work on any dual master cylinder and eliminates the need for a second person during the bleeding process.

**25-253998** **83.99 ea.**

## Brake Pressure Bleeder Adapter

- *Adapts Bleeder P/N 25-253998 To Work With Original Single Master Cylinder*

**25-163052**

| | | |
|---|---|---|
| **25-163052** | 1958-62 Adapter | **42.99 ea.** |
| **25-175659** | 1984-91 Adapter Kit | **33.99 kit** |
| **25-175658** | 1992-08 Adapter Kit | **33.99 kit** |

**25-253957**

## Vacuum Brake Bleeders

Make brake bleeding a one man job. The vacuum reservoir draws air out of the caliper, collecting it and excess fluid for mess free operation. Step-by-step instructions included.

| | | |
|---|---|---|
| **25-253956** | Standard Bleeder | **49.99 kit** |
| **25-253957** | Heavy Duty Metal Bleeder w/Case | **89.99 kit** |

## Master Cylinder Bleeder Tool

- *Removes All Air From Master Cylinder For Proper Braking*

Simple to use and makes certain your master cylinder is ready to install. This tool takes less time and is a more effective way to purge the system of air.

**25-253247** **18.99 ea.**

## Tube Bending Tool

- *For Bending Brake and Fuel Lines*
- *Will Bend 3/16", 1/4", 5/16" and 3/8" Tubing*

## POR-15® Gas Tank Repair Kit

- *Ideal For Saving Metal Tanks With Minor Leaks*
- *Easy To Use*

The POR-15® kit out performs ordinary kits because it is a complete kit that goes to the root of leaks and bonds to the metal whereas other products simply cover the leak. The kit includes TankClean™ to remove gum, sludge and varnish, MetalReady™ to remove rust and prepare the tank for sealer, U.S. standard Tank Sealer™ to permanently seal the tank and Fuel Preservative And Stabilizer to keep fuel fresh and fuel systems trouble-free. The tank must be removed from the car to perform the repair.

- *Soft Felt Inner Lining* • *Imported* • *Sizes S-XXL*

Get in the game with this luxurious solid black satin Corvette jacket from Eckler's. Superbly made from heavyweight Pro-Satin nylon, this full-cut coach's style satin jacket with set-in sleeves is warmly lined with Kasha, a soft flannel-like material that allows great freedom of movement. Inviting comfort features on this satin jacket include a stretch nylon knit collar and cuffs to keep out the chilling wind and a matching knit waistband to give a form-fitting, neat appearance. Corvette logos embroidered in rich colors on the left chest and across the jacket back proudly show your enthusiasm for your favorite sports car.

## Corvette Lambskin Bomber Jackets

- *Embroidered Logo Front And Rear Fully Satin Lined With Zippered Inner Pocket • Imported*

Nothing says "you've arrived" better than wearing a Corvette lambskin bomber jacket. The bomber classically display your Corvette logo on the left chest and back in state-of-the-art embroidery. And just like your Corvette this jacket is top of the line, using the very best lambskin hides that are lightweight yet supple and durable. The jacket has meticulous attention to detail: it has a generous bomber cut that flatters any body shape, antique silver zippers and snaps, adjustable lambskin cuffs, double welt front pockets for extra strength and a comfy-fit elastic waistband.

## Knit Blankets

- *Measures 63" x 53"*
- *Special Acrylic Yard*
- *Highly Resistant To Fade, Abrasion and Pilling Machine Washable*
- *Made In USA*

Enjoy the warm comfort of this Corvette C1 logo blanket. Take it to car shows, ball games or just sitting around watching TV. This custom knit stadium blanket has a special grade acrylic yarn for a soft lush feel that is also highly resistant to fade, abrasion and pilling. The logo is knit into the blanket for superior wear unlike those that are silk screened. It is machine washable and measures 63" x 53".

## Ordering is Easy!

We accept credit and debit cards, checks, and money orders, as well as first party, preprinted checks from U.S. banks with your order.

There will be a $25.00 charge for all checks returned for insufficient funds.

## Returns

We understand that from time to time, parts might not meet your expectations. You may return most parts for a full refund. Product must be received within 30 days of the date of the invoice to be eligible for a full refund. Items received from 31-60 days after invoice are subject to a 25% restocking fee. When returning an item, please enclose a copy of the original sales invoice and package the item in its original packaging. All returns must be unused, in original packaging, and prepaid. Allow up to 3 weeks from the date of shipment for processing, refunds, credits, and exchanges. Unfortunately, not all items are eligible for return. Date-coded (stamped) items, personalized items, custom carpet and floor mats, and custom clothing are some of the items that cannot be returned.

## Shipping and Handling Rates

Once we package your order, we choose the fastest, most economical way to ship the packages from our facility to you. Depending on the weight and size of the package(s) in your order, we utilize services that offer package tracking. Items that are oversized (denoted by ), heavy (denoted by ), or exceed shipping limits, are sent to you via truck.

Rates apply to ground service shipping within the 48 contiguous states. Truck-shipped parts and rates for Alaska, Hawaii and Puerto Rico might vary.

denotes items that ship via truck.

denotes oversized dimensions or weight. An additional $9.99 is added to the shipping and handling charges for each symbol shown.

## Shipping Table

These costs include Eckler's exclusive Package Protection Plan.

| | |
|---|---|
| Orders up to $50.00 | add $9.99 |
| $50.01 to $100.00 | add $16.99 |
| $100.01 to $200.00 | add $22.99 |
| $200.01 to $400.00 | add $30.99 |
| $400.01 to $600.00 | add $38.99 |
| $600.01 to $800.00 | add $44.99 |
| $800.01 to $1,000.00 | add $50.99 |
| Over $1,000.00 | add $55.99 |

## We Will Be Closed On These Days:

| | |
|---|---|

| **Thanksgiving** | Thursday, November 26, 2015<br>Friday November 27, 2015 |
| **Christmas** | Thursday, December 24<br>Friday, December 25, 2015 |
| **New Year's Day** | Friday, January 1, 2016 |

## International Orders

We are International shipping experts. Many of our customers live internationally. With very few exceptions, all items are available to purchase either on the web or via phone or fax. Need an interpreter to place your order? Simply ask your sales agent and we'll assist you. We select the best carrier to ship parts to you most efficiently. Canadian and International shipping will be determined by your country, product dimensions, and product weight. We would be happy to give you an estimate over the phone or via email.

## Need it Fast?

Have your order delivered within 1 or 2 business days by using Express Shipping! Express shipping is limited to in-stock, non-oversized items weighing less than 20 pounds. Orders must be placed Monday–Friday before 1:00 p.m. EST.

- Add $19.99 to your shipping and handling rates for two-day delivery.
- Add $29.99 to your shipping and handling rates for one-day delivery.
- For next day delivery of oversized or heavier items, please call our sales team for rates.

## Same-Day Processing

Our standard U.S. order processing time for in-stock items is 24 hours. If you need your order processed the same day, simply call us M-F before 1:00 pm EST and request same day-processing. For $3.95, we'll provide special processing of all in-stock parts through the warehouse the same day.

## Prices in this Catalog

Eckler's is not responsible for pricing changes, errors, or omissions in this catalog or online.

## Limited Warranty

Eckler's will not be responsible for any damage or loss caused by delays, failures, or other consequential damage, nor for labor, transportation, or any other charges incurred in the replacement or repair of a defective item. Eckler's is not responsible of any consequences resulting from the installation of any parts.

## Gift Certificates

Gift certificates are available in any denomination and are redeemable for any items we sell.

## 1984-96 Button And Spring Console Lid Repair Kit

- *Easy To Install*
- *Improved Materials*

**25-105873** **13.99 kit**

## 1984-96 "Whisper Quiet" Door Insulators

- *Original Equipment On 1990-96 Models*
- *Greatly Reduces Road Noise*
- *Tape Into Place*

**25-114515** *Buy The Pair And SAVE* **39.99 pr.**

## 1984-96 Drink Holder

- *King Size Openings For Big Gulp™ Size Cups*
- *For Cars With Automatic Transmission Only*

Slides into slots on each side of ash tray. Made of black textured ABS plastic.

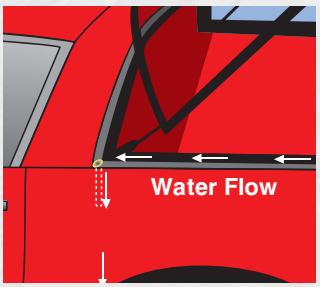
**25-104583** **16.99 ea.**

## 1984-96 Roof Panel Rain Gutter Moldings

- *Keeps Water Out Of Interior Easy To Install*
- *Looks Like A Factory Installed Part*

The black ABS molding runs from the front of the roof panel to the rear and diverts water away from the interior. Simply affix the rain gutter molding with self-adhesive tape and snap-on fasteners. It requires no modification to the car to install and is supplied with instructions.

**25-110717** **31.99 pr.**

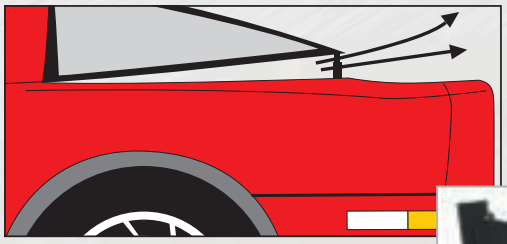


## 1984-96 Coupe Rear Window Drain Kit

- *Eliminates Water Collecting In Rear Window Area*
- *15 Minute Installation*

No more exterior streaking or soggy interior due to water collecting in the corner of the rear window. Drilling required that is hidden by weatherstrip.

**25-122930** Coupe only **12.99 kit**



## 1984-96 Rear Window Hatch Vent

- *Provides Flow-Thru Ventilation*
- *Lowers Interior Temperatures Up To 10 Degrees*
- *Made With Aluminum Alloy*

Rear window Hatch Vent is a heavy- duty aluminum alloy bracket that raises the back of the rear window 1-1/2" from the closed position. It installs in just seconds with roof panel ratchet, to the lock striker without modifications to the car. Does not affect operation of alarm system or interior lights.

**25-121942** Coupe Only **24.99 ea.**
